REQUEST FOR PROPOSAL FOR SELECTION OF AGENCY FOR EVALUATION OF PROJECTS UNDERTAKEN UNDER COMPENSATORY AFFORESTATION FUND MANAGEMENT AND PLANNING AUTHORITY (CAMPA) IN THE STATE OF SIKKIM

1. Background

Under CAF Act 2016 Compensatory Afforestation Fund Management and Planning Authority (CAMPA) has been constituted for the management funds deposited for compensatory afforestation, NPV and other money recoverable, in compliance of the conditions stipulated by the central government and in accordance with the Forest (Conservation) Act, 1980.

Compensatory Afforestation Fund Act, 2016 came into force from 30 September 2018. The Act established a National Compensatory Afforestation Fund under the Public Account of India and State Compensatory Afforestation Fund under the Public Account of each state. The payments made for compensatory afforestation, net present value and others related to the project will be deposited in the fund. The Compensatory Afforestation Fund Rules were notified in August 2018.

Under CAMPA, large-scale activities have been taken up to accelerate preservation of natural forests, management of wildlife, infrastructure development in the sector and other allied works. As SFD is implementing CAMPA activities, there is now a felt need to technically evaluate these ongoing efforts, and based on the learnings, plan the way forward. Also, an evaluation methodology of the works implemented must be evolved and implemented to ensure effective and proper utilization of the fund.

Compensatory Afforestation fund is used for plantation while money for Net Present Value is used for activities relating to conservation of forests and wildlife, development of infrastructures in these sectors and other related works. The major activities include plantation; conservation, protection and management of wildlife and its habitat within and outside protected areas; research and tree improvements; soil and water conservation; development of infrastructures; capacity building and other activities is going under the state CAMPA.

2. Objective of the Proposal

According to the guidelines issued by Ministry of Environment and Forests and Climate Change (MoEF&CC), GOI, monitoring of these activities is necessary. The present RFP is being floated to select an agency to carry out Third-Party monitoring of the CAMPA works in State Sikkim. Under CAMPA, several activities have been taken up for preservation & development of natural forests, afforestation of degraded forest areas, forest protection, forest fire management, management of wildlife, capacity building, research & development, infrastructure development and other allied activities. There is a need to technically evaluate these ongoing activities by engaging a qualified and eligible agency, and based on the study learnings, plan the way forward. The Third-Party is expected to monitor & evaluate the CAMPA works undertaken as per annual plan of operations (APO) during the financial year 2020-21, 2021-22, 2022-23 and 2023-24.

3. Scope of work for Monitoring & Evaluation agency

The third-party agency will carry out the following activities undertaken by utilizing CAMPA funds during FY 2020-21, 2021-22, 2022-23 and 2023-24 by different wings / forest divisions of the Forest and Environment Department, as under:

- a) The conservation, development and other related activities are being carried out by all divisions of the State.

- f) The Monitoring & Evaluation (M&E) Agency is required to integrate its approach in lines with the e-greenwatch portal of the Ministry of Environment, Forest and Climate Change for monitoring of plantations taken up under CAMPA.
- g) The agency will submit year wise detailed comprehensive report on State CAMPA activities for the State of Sikkim.

3.1 Terms of Reference

Following are the specific terms of reference/ tasks to be performed by the M&E agency:

- a) The agency is required to start the monitoring & evaluation processes within 15 days of receipt of the letter of engagement.
- b) The monitoring & evaluation work has to be completed in a time bound manner.
- c) The agency shall consist of experienced and qualified professionals.
- d) The agency may quote total fee including taxes.
- e) The selected Agency will be required to comply with the instructions, if any, issued by the State CAMPA that are within the scope and agreement conditions.
- f) The agency is required to supervise the sites, to independently observe the works and evaluate the progress as per the approved APO.
- g) Agency selected by the State CAMPA, Sikkim shall have to give an undertaking with an effect to follow all ethics of faith. The information provided by State CAMPA, Sikkim shall be kept 'strictly confidential'.
- h) In case of any dispute, the decision of Chairman, Executive Committee, State CAMPA, Sikkim shall be final and binding.
- i) All assignment shall be carried out with due diligence maintaining quality of work and in least possible time.

- j) The agency shall wherever possible integrate its approach in lines with the e-greenwatch portal of the MoEF&CC.
- k) The agency shall be expected to undertake impact assessment of the works by using satellite imagery and GIS platform.
- l) The agency should submit year-wise report of individual financial year under advertisement.
- m) Payments to the agency will be made in five instalments as per payment schedule.
- n) State CAMPA, Sikkim reserves the right to cancel the engagement of selected firms, if the assigned task is not completed within given timeframe or due to unsatisfactory performance.

4. Period of Contract

The M&E Agency for third-party monitoring & evaluation of CAMPA activities will be engaged for a period of eighteen (18) months from the date of contract signing. However, if the selected agency fails to perform the functions as agreed upon in the contract signed with CAMPA or commit breach of any of the terms and conditions, provisions or stipulations of the contract, CAMPA shall take appropriate action including termination of the contract with the agency.

Annexure V: Evaluation Formats for Evaluating Works under CAMPA

10.1 Plantation Evaluation (Block, Bald Hill, Compensatory Afforestation)

All the forest Ranges will be covered. Around, 10% plantation sites will be randomly selected from each forest Range in consultation with the Client. The number of plots will be TWO per site of size 23m X 23m. This plot size has been reduced from standard approach for the hilly terrains in Sikkim, but the representative hectare remains approximately the same as being represented by considering one plot of size 33m X 33m. The GPS coordinates of all such (23 m x 23 m) plots also need to be provided. The selected Firm will propose the evaluation Formats for all the activities undertaken under CAMPA during the period 2020 to 2024. The selected Firm is expected to undertake GIS analysis of the plantations and integrate its approach with e-green watch portal of the MoEF&CC. The findings shall be incorporated in the report.
