Awareness on curbing SUPs, clean-up drive at Nalam

**SE Report**

**GANGTOK, December 5:** A day-long plastic clean-up drive was conducted at Nalam under Namthang-Maneydara GPU, South Sikkim today. The clean-up drive was organised by the bee farmers along with panchayat Bishnu Maya Tamang to sensitize the locals on curbing the use of Single-Use Plastics (SUPs), informs a press release. The farmers who are currently undergoing green skill training on beekeeping facilitated by Sikkim ENVIS Hub, Forest & Environment

department at Nalam apiary carried out a 3-km stretch clean up along the roadside connecting Namthang bazar. The team collected about 100 kg of plastic litter mostly consisting of chips packets, PET bottles etc. The collected waste was later disposed of safely through the municipality. The panchayat and local volunteers have also affirmed its action to avoid using plastic or styrofoam cutleries during social functions under the GPU and take further action for making the area plastic litter-free, the release mentions.

#### Jhora cleanliness drive at Tathangchen

SE Report

**GANGTOK, December 12:** A jhora cleanliness drive along with sensitisation of local residents was conducted on Sunday at Tathangchen ward here with participation of ward councillor Pema Lhamu Lamtha and locals. It was organised by Forest department as part of the Swachhata Action Plan 2021-22 for Sikkim.

During the day long drive, the waste materials and weed accumulated at the jhora were collected so that the water flows unobstructed. The jhora cleaning drive was participated by the local NGO Kopila Parivar members, local residents and youth.

The Forest department provided gloves, face masks and sanitizers to the people taking part in the jhora cleaning drive along with dustbins and

collection, a press release informs.

Tathangchen councillor Pema Lhamu Lamtha expressed her gratitude to Forest ACF Chewang Tashi Bhutia who initiated this jhora cleaning and sensitisation drive in Tathangchen ward. She also thanked the Kopila Parivar and

for land stability and protection of houses.

"Plastic water bottles are among the most common waste item found in our jhoras. These plastic water bottles choke our jhoras which eventually pose threat to human dwellings and agricultural lands. I appeal people to support the

**CM announces cash prizes for cleanest towns & villages**  
**Plastic water bottles banned in Sikkim from Jan 1, 2022**

**BJOY GURUNG**

**GANGTOK, October 2:** Chief Minister P.S. Golay on Gandhi Jayanti announced a complete ban on plastic water bottles from January 1, 2022 onwards in Sikkim.

"We are announcing a complete ban on sale and use of plastic water bottles in Sikkim from January 1, 2022 onwards. No shops or restaurants can sell plastic water bottles and the plastic water bottles cannot be used in social functions like marriages," said the Chief Minister.

Golay was speaking to media after a cleanliness drive at Ganesh Tok to mark Gandhi Jayanti and 'Swachhata Hi Seva' campaign.

The Chief Minister mentioned that cleanliness drive is being conducted in every office, village and bazaars of Sikkim following the Swachha Abhiyan announced by the Prime Minister.

"Under this Abhiyan in Sikkim, we are giving special focus on plastics as plastics are non-biodegradable items and harmful to our environment. Hence, we are announcing the ban on plastic water bottles in Sikkim from January 1, 2022," said Golay.

Golay said a period of three months has been given to ensure that shops in the State do not face losses before the ban comes into place.

"We are giving a time of three months till December as the shops and restaurants have stock of plastic water bottles with them at present. During this period, they can sell and finish their stock so they do not face losses," he said.

The Chief Minister added that from January 1 next year, the shops and restaurants in Sikkim cannot keep or sell plastic water bottles. "No one can keep plastic water bottles in their shops or restaurants. They cannot bring it from outside or sell it here secretly. We will also stop sale and use of plastic water bottles in villages. Presently, plastic water bottles are used in social functions and that too will be stopped from January 1, 2022 onwards," he said.

The Chief Minister also announced annual awards to the cleanest gram panchayats and towns in Sikkim from Gandhi Jayanti 2022 onwards.

"There are 185 gram panchayats in Sikkim. We will frame criteria and the cleanest gram panchayat will receive a cash prize of Rs. 5 lakh on October 2 next year on the occasion of Gandhi Jayanti. The second and third cleanest gram panchayats will get a cash prize of Rs. 3 lakh and Rs. 2 lakh respectively. This will be an annual event," said Golay.

Similarly, the cleanest bazaar in Sikkim will get a cash prize of Rs. 10 lakh. The towns coming second and third in the cleanliness index will receive a cash prize of Rs. 7 lakh and Rs. 5 lakh respectively.

The Chief Minister appealed the people of Sikkim to make cleanliness an important part of their daily life and to ensure that their homes, villages and towns are kept clean.

Public Notice on Draft Notification banning plastic packaged water up to 2 liters in the State of Sikkim w.e.f 1<sup>st</sup> of January 2022 was published by Sikkim SNA for inviting comments, suggestion and objection if any from general public, last date being 24.12.2021

If you love nature and Your "Green Sikkim" "Say No to single use plastic"

Swachha Bharat Harit Bharat through Sikkim Envis Hub, Forest and Environment Department is making an effort to reduce the use of single use of plastic and all we gotta do is make an conscious decision in our day to day lifestyle on cutting down plastic which is the least we can do for our planet.

I am glad and thankful to Research and Extension Cell, Forest and Environment Department , Government of Sikkim for giving me the opportunity to be a part of it in awareness, providing dustbin, Mask and for presenting me with the Book of Status Report of Forest Nurseries which is very helpful for students, researchers and interested citizen.

And if anyone is interested in the book, all you gotta do is let me know, for the info I have taken pics of 2 nurseries of Mangan, which people are fully aware of i.e Pakshep and Rafong Nursery.

Thankyou. Together we do it better 🙏🙏

which people are fully aware of i.e Pakshep and Rafong Nursery.
